

GRADUATE PROGRAMME IN PUBLIC HEALTH 2018

The Discipline of Public Health Medicine is now calling for Application from Prospective students for the 2018 intake for the Graduate Programme of Public Health. The Graduate Programme in Public Health aims to produce health professionals who are change agents in the field of public health. The Programme offers a Postgraduate Diploma in Public Health and a Master of Public Health.

Eligibility Criteria: Post Graduate Diploma in Public Health: - A minimum 3 year Bachelor's degree in a health or social science related discipline with a minimum of 1 year program or clinical experience in the health or social sector (post community service).

Master of Public Health- A minimum 4 year Bachelor degree at a honour's level in a health related or social science discipline, or a three year degree in a health related or social science discipline plus Post Graduate Diploma in Public Health or any Health related domain; plus a minimum of 1 year program or clinical experience in the health or social sector (post community service).

Please note that *the Primary Undergraduate Degree must be a Bachelor's degree and not a 4 year Diploma or Post Graduate Diploma*. Please note that a B.Tech degree does not fulfil the requirements for a Master's degree on its own.

Structure of Programme:

The curriculum is fully modularised, comprising of core, and elective modules. This is a course programme offered on a part-time basis, with each module requiring face to-face contact over the semester.

Closing Date for Applications: 15th November 2018
